Industry Ready Graduates

The APU Career Centre connects and engages with over 12,000 Employers to ensure that our graduates are highly employable in both local and international corporations, as it closely supports APU students in both internship and career placement activities.

Work-ready, World-ready

Study with us and we'll equip you to become a world-ready professional, with the knowledge, attributes, skills and expertise that employers look for.

Employers are demanding that graduates not just have qualifications, but also have the experience and ability to contribute to the workplace. To meet these demands, APU develops programmes and partnerships with academic and industry partners, with a heavy focus on applied learning. This helps to ensure that the skills and knowledge taught at APU are up-to-date and in high demand.

Outstanding Support

Regardless of the programme you choose, you will be supported by highly qualifed and enthusiastic professionals. Many enjoy an international reputation for their research and actively engage with leading names in the industry.

Rated No.1

in Asia and Malaysia for Multicultural Learning Experience*

Just like the beautiful country in which we are located, APU is a rich blend of traditional and modern styles. We have developed a singular character to embrace those things that set us apart. We pride ourselves on the quality of both our teaching and research as well as having a unique living and learning environment.

A Hub of Cultural Diversity

With more than 13,000 students from over 130 countries, we ensure that you will gain memorable experiences alongside the diversifed and colourful cultural environment. We have students from Asia, Central Asia, Middle East, Africa, Europe, Latin America and Oceania. Our International Students Support Centre helps you with the procedure to apply for your Student Pass before coming here. Upon arrival in Kuala Lumpur, you will be greeted with warmth by our friendly staff, who will pick you up and bring you to our campus.

Student Welcome Team

The Student Welcome Team was established by Asia Pacific University of Technology & Innovation (APU) to improve the arrival experience of international students in Malaysia. "Warm Welcome, Warm Hello, Warm What's up" is the theme of this ASK ME Team.

Student Life @ APU

Being a university student can be one of your most exciting expeditions. Higher education opens up a world of new ideas, intellectual growth, new adventures and the building of lifelong friendships. Here at APU, we support you to take the time to explore not only the educational experiences but also the wide range of social, sporting and cultural activities on campus.

* Student Barometer Wave 2019 (International Students), 'Studying with people from other cultures'.

World-class
Facilities @ APU
APU provides access to world-class resources across a wide range of disciplines. This translates into industry-ready skills and a competitive edge for graduates.

Our campus is well-situated in a high-technology environment, and is equipped to enable every student to get the most out of your study experience at APU.

Cutting-Edge Technologies

The Campus blends technology, integration, innovation and creativity under one roof. It provides not just a learning environment, but also a lively community spot for our students to formulate new ideas, gain intellectual growth and discover new adventures. It is not only a university campus, but also the nurturing ground for world-changing global ideas. All spaces are carefully designed to create an unforgettable learning and lifestyle experience that lasts for a lifetime, while enabling professional learning and cultivating global mindsets. APU, as Malaysia's leading technological university, is the incubator for self-starting and innovative APU graduates. Our educational technology environment supports the development of graduates of this calibre, in which well-equipped computing and engineering laboratories with advanced software, hardware and technologies place students at the forefront of technological excellence.

Social Interaction Platforms

Fitness Sweatzone, student lounges, sports facilities and breakout rooms provide spaces for relaxation and socialisation throughout the day. They are carefully designed to create an unforgettable learning and lifestyle experience that lasts for a lifetime, especially for students who are studying away from home.

An Integrated Community

The campus aims to establish a community aspect for the university – where integration is the key. Walkways, classrooms, communal spaces and discussion areas promote connectivity and cultivates exchange of ideas among students from different disciplines and academics, to implement cooperative learning concepts in line with the Industrial Revolution 4.0.

ENRICHING EXPERIENCES - MORE THAN JUST A FOUNDATION

The APU Foundation Programme lays the pathway towards professional tertiary education. It is a vital transformation point for students; soft skills, general knowledge and preparatory subject fundamentals acquired at the Foundation lead to excellence in a student's education performance, as well as career-readiness as they move on as global professionals eventually. This is achieved through 4 key areas:

- Leadership & Teamwork
- Problem-Solving Skills
- Social Skills & Responsibilities
- Practical Skills

The unique support system at APU Foundation Programme consist of helpful academic mentors who are committed in ensuring academic achievements, providing pastoral care, advising, mentoring, motivating students' potential and performance, to ensure that they undergo a smooth transition from secondary education to tertiary learning.

INTERNSHIP / INDUSTRIAL TRAINING

A well-structured internship or industrial training programme in collaboration with industry is incorporated into the curriculum. The main objective of the internship programme is to further enhance your employability. In many cases the same company at which you had internship/industrial training will offer you employment as soon as you graduate. In all cases you will gain an invaluable insight into the world of business and management practices and be better equipped to position yourself for the career you seek.

Embracing the wave of
Industry Revolution
4.0

FUTURE-PROOFING THE WORKFORCE OF THE FUTURE

New waves of technological disruptions and the emergence of advanced technologies have resulted in the Fourth Industrial Revolution (Industry 4.0), where Robotics, Artificial Intelligence (AI), Machine Learning, Virtual Reality (VR), Cloud Engineering, Internet of Things (IoT), Data Science are going to transform the way businesses operate – routine, mundane jobs will be replaced and there is a growing need to develop "smarter" talents that can ride along the wave of digital transformation.

At APU, we developed our own IR 4.0 strategy to prepare our students to join the workforce of the future. We nurture the world's future innovators and uphold our Vision as a University of Technology and Innovation.
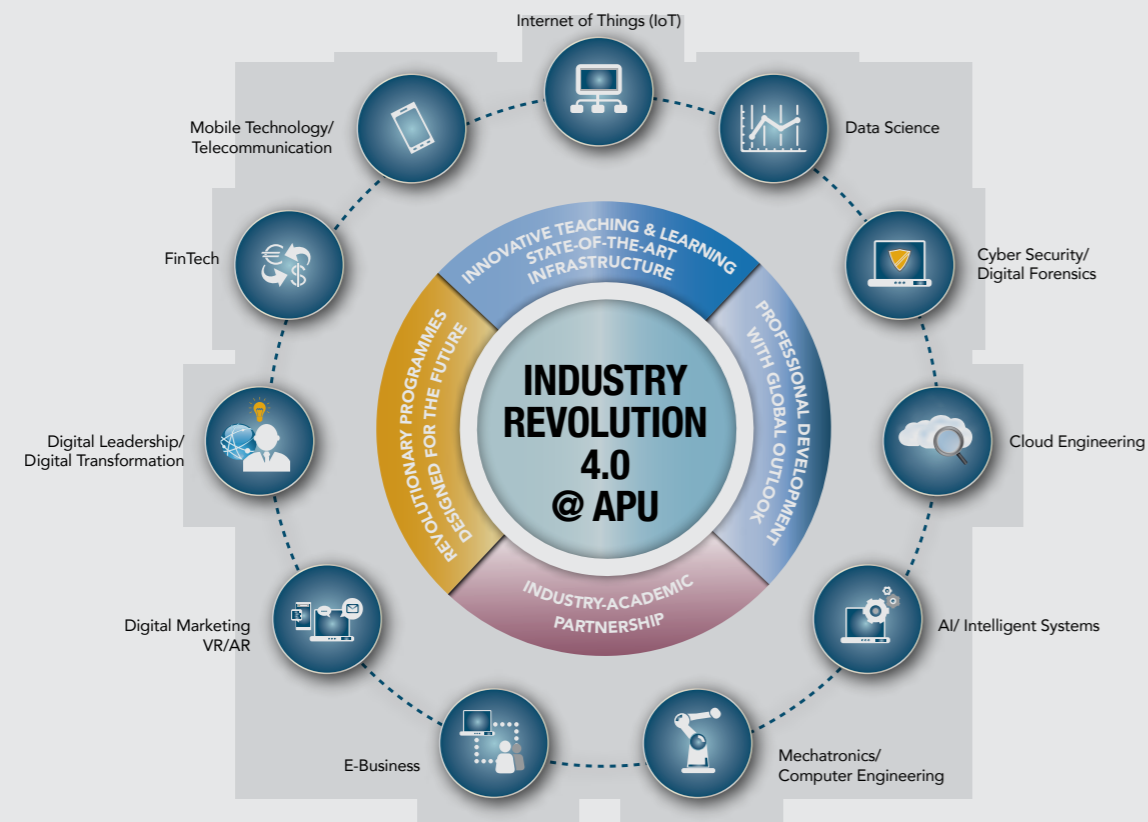

INNOVATIVE TEACHING & LEARNING STATE-OF-THE-ART INFRASTRUCTURE

In the era of Industry 4.0, learning is no longer confined within the classroom. Our iconic campus houses world-class facilities that aim to nurture Creativity & Innovation. Industrial-grade infrastructure are built to provide real-life exposure to our students, cultivating their practical skills aside from academic knowledge. We have also redesigned our teaching & learning methods to stimulate critical thinking, decision making, teamwork and build confidence.
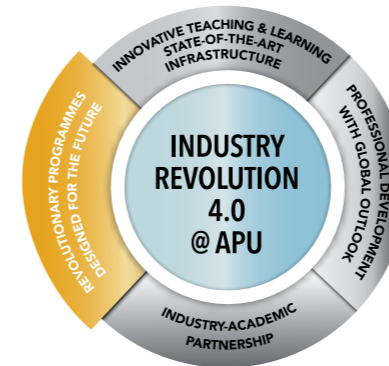

REVOLUTIONARY PROGRAMMES DESIGNED FOR THE FUTURE

New technologies mean new expertise, while this translates into a new need of talents in new areas. We address the needs of the industry, to help to build talents who can manage, operate and innovate under the new IR 4.0 environment, by carefully designing new programmes of the future. Our programmes are first-of-its-kind, such as in Cyber Security, Data Science, Internet of Things (IoT), Intelligent Systems, Digital Leadership, Digital Transformation, VR/AR, Financial Technology (FinTech), Digital Marketing, E-Business, Mechatronics, Telecommunication, Computer Engineering, Cloud Engineering and more.
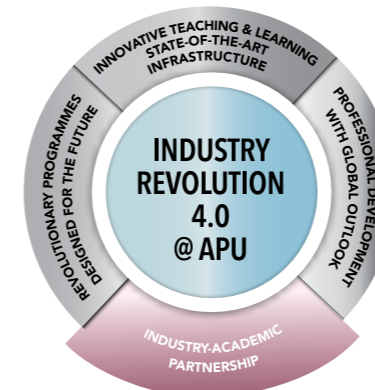

INDUSTRY-ACADEMIC PARTNERSHIP

Industry 4.0 is all about the "industry". Our close relationship with our industry partners allows students to be exposed to real-life case studies, enabling them to formulate innovative solutions even before they graduate. Innovative accelerators such as GrowthX Academy and Supercharger create a platform for students to realize their world-changing ideas, inspiring them to build startups and develop world-changing solutions.
PROFESSIONAL DEVELOPMENT WITH GLOBAL OUTLOOK

Communication skills, professionalism and cultural sensitivity are 'people' element skills that cannot be replaced by machines and automation. Under our unique formula to nurture professionalism, we create an ecosystem that simulates the workplace on-campus. Global outlook, international understanding and respect are nurtured through continuous immersion in multicultural discourse, as our campus houses a community of 12,000 students from over 130 countries.

Its unique blend of management accounting, financial accounting and business-focused subjects produces competent and confident Chartered Global Management Accountant who can lead their organisations to sustainable success.

Collaborative Industrial Partners

Industry-academia collaboration is a strategic necessity to ensure the quality and relevance of our programmes. Through our Industry-Academia Collaboration (IAC) model, we design programmes in collaboration with inputs from the industry, that are also aligned with the government's initiatives to address the shortage of skilled talents. Over the years, APU has established collaborations with key industry players worldwide; we have been delivering highly-relevant programmes that help us develop skilled and professional graduates for the workforce.

APU's partnership with Home Deal allows students to have the opportunity to work on real-life projects as they experience listing their own products on the platform. They will be required to conduct seller and buyer analysis, marketing plans in order for their products to be marketable. It will be a truly hands-on experience for their future growth in e-business.

Through our collaboration with SAP, students will have the opportunity to undergo SAP & ERP related modules. They will have the hands-on experience through assignments & case studies under the modules, in which these can be applied in their future careers, as they embark onto their journey as business professionals. As these systems are widely used in the industry, such exposure provides them with an added advantage, making them even more well-equipped and employable.

"Every Business is Becoming a Technology Business"

APU Leading
Digital Transformation
in Business, Management & Marketing

The Future is Technology - Every Business needs Future-Ready Digital Talents for the Digital Economy

As the 4th Industrial Revolution (IR4.0) takes over the world, we are seeing an upward trend of the amalgamation of Digital Technology with Business. As businesses infuse digital technology within their operations, Digital Transformation elevates customer experience, and transforms business models and operating models within the organisation.

"By 2025, the total number of digital skills required by workers to perform their jobs is projected to increase over 6 times – from one billion skills today to 6.8 billion skills."

- APAC Digital Skills Index - 2020

"As digital technologies become more prevalent, the digital economy will become the foundation of the modern economy. Accelerating the digital economy is no longer an option but crucial for Malaysia."

- Malaysia Digital Economy Blueprint - 2021

"The digital economy is expected to continue its significant contribution to the country this year, based on an estimated 19.1 per cent contribution to the GDP in 2019 by the Department of Statistics Malaysia, following a forecast of 6.7 per cent economic growth for 2021 by the World Bank. With the launch of MyDIGITAL, the expected contributions from the digital economy towards the GDP is an estimated 22.6 per cent by 2025."

- Malaysia Digital Economy Corporation (MDEC) - 2021

I am APU

WHAT DO OUR ALUMNI SAY…

WOON YAW KWAN (Malaysia)
BA (Hons) in International Business Management, Class of 2011
Manager, Enterprise Relationships Planning - Philip Morris International

"The student life here is beyond what I have imagined. The beyond boundaries experience being with them really opens up your mind and imagination. Apart of suiting up in working attire, we were bombarded with tonnes of presentations. My presentation skills and self-confidence gained from studying at APU set me apart from many peers when I enter"

MOHTADA HUSSEIN SALEM AL-ATTAS (Yemen)
BA (Hons) Business Management, Class of 2014
Assistant to the Hotels Director / Project Manager - "AMIRSOY" Mountain Resort, Uzbekistan

"In the programme that I studied, it was a great opportunity to learn the basics of business management, accounting skill and marketing as well as a wide range of subjects to help students understand greatly how companies operate nowadays. The experience I had in Business Management major and those common subjects from other disciplines helped me improve all the skills needed in my career such as presentation skills, writing skills, communication skills and problem solving skills."

WHAT DO OUR ALUMNI SAY…

YAP SONG MING (Malaysia)
BA (Hons) in Marketing Management, Class of 2018
Area Manager - Maxis

"During my time at APU, I learnt to be a responsible young adult. APU nurtured us on how to improve time management, self-care, and other soft skills. I have improved my critical thinking skills, which had helped me extensively in my current job role. I've learnt to develop myself professionally, in terms of communication with clients and my colleagues."

FELIX TANZIL ROBERTSIO (Indonesia)
BA (Hons) Business Management with specialism in e-Business, Class of 2013
Paid Media Specialist - Excess

"APU's courses are comprehensive. The modules allowed us to think out of the box, exposed us to the real need of customers, and helped us to comprehend the online system as a business. The E-business course has successfully equipped me with knowledge of the real world. The education which promised me the future where I am today!"

HAFIZA BINTI SAMDUDDIN (Malaysia)
BA (Hons) in International Business Management, Class of 2015
Administrative Assistant - Advance Language Management (ALMA)

"The learning environment in APU was very unique. Students of the University came from over 100 countries and everyone was able to work together amicably. Most of the students in APU are international students and therefore, English is the main communication medium in the campus. This has enable me improve my English proficiency level. APU is also one platform which can accommodate students with various learning experience such as through internship program, industrial visits and external talk series from industry, which will entails for better career prospect knowledge and employment option for students."

NIGINA KADIROVA (Uzbekistan)
BA (Hons) in Marketing Management, Class of 2014
Online Recruitment Agent - BCN LIP Language School, Barcelona, Spain

"I am very grateful to APU for training me during the whole studying period in terms of finishing course works on time and preparing for exams. It has developed a very valuable skill in me which is time management and self-discipline as well as ability to close tasks/projects on time which is super important for all of the companies out there."

KHAWAJA SYED SALMAN MAHMOOD (Pakistan)
BA (Hons) in International Business Management, Class of 2011
Supply and Distribution (Wholesale) Manager - Westside Petroleum Group, Australia

"My time at APU (then UCTI) truly enhanced my skills and personality both professionally and personally. The culture at UCTI fostered the sharing of ideas, critical discussions, and collaboration among students and faculty across a wide range of interests. I think it's rare to find the cultural and academic diversity in any institution which students from different parts of world bring under one roof at UCTI. From Sports to Music, at UCTI there was an array of activities to indulge. Appreciation in form of U-Edge / Prism Award are massive factors in motivating students to involve and compete in co-curricular activities."

UNGKU NAZREN AL HAQ BIN HARUN AL-RASHID (Malaysia)
BA (Hons) in Marketing Management, Class of 2010
Assistant Vice President, Technology & Innovation - Iskandar Regional Development Authority (IRDA)

"When asked how APIIT/APU helped me to be what I am today, the simple answer is exposure to various international students in Kuala Lumpur. From the mega Singapore based M+S Singapore based projects in 2012, the mega 4,500 acre township in southern Johor to looking after / attracting investor confidence in my current job, I've always felt the exposure to other culture made me have an openness to respect, accept and value other people's perspective on many things. As a Marketing Management graduate, my education never stopped after APIIT/APU and the certification I obtained enabled me to be exposed to experience where I am currently pursuing my CFA and CB with the AICB. I firmly believe it is your attitude, not aptitude that determines your altitude in life. And my attitude was partly shaped by APIIT/APU."
